In 1973, Ringo released his self-titled *Ringo*, which yielded three Top 5 *Billboard* Pop singles, including the No. 1 hits "Photograph" and "You're Sixteen (You're Beautiful And You're Mine)," and the No. 5 hit "Oh My My." Platinum-certified in the U.S., the *Ringo* album peaked at No. 1 in Canada, at No. 2 in the U.S., and at No. 7 in the UK. All of Ringo's Beatles bandmates joined him to participate in the album; Richard Perry produced and its notable guest players also include Billy Preston on organ, Harry Nilsson background vocals, Klaus Voormann on bass and sax, and Robbie Robertson on guitar.

Ringo released his fourth solo album, *Goodnight Vienna* in 1974, racking up more hits, including the Top 5 *Billboard* Pop singles "Snookeroo," written by Elton John and Bernie Taupin, and "No No Song." The album also features Ringo's cover of the Platters' "Only You," which peaked at No. 6 on the Pop chart, and the title track, written by John Lennon. Perry, Preston, Voormann, Nilsson, and Robertson once again joined Ringo to collaborate in the studio, among others.

In September this year, Ringo released his 19th solo album, *Give More Love*, before he hit the road again in October and November with his All Starrs. Ringo Starr and His All Starrs have confirmed several European tour dates for June and July 2018. Visit ringostarr.com/tour for more information.
